

Every **Install**

Practical business support for KBB installers

Every Install helps installers strengthen the business behind the workmanship.

Every Install is a membership-based support and education platform for kitchen, bathroom, bedroom and fitted-interior installers. It brings practical business learning, action guides, tools, industry content, apprenticeship information, opportunities and trusted specialist support together in one place.

WHY IT EXISTS

Skilled installation and running an installation business are different jobs. Installers are expected to price work, understand their numbers, manage customers, plan jobs, market themselves and make decisions, often without clear business support.

Every Install helps close that gap with simple information that can make a practical and financial difference.

WHO IT IS FOR

- Sole traders and self-employed installers
- Small installation companies and growing teams
- Experienced installers who want more control, stronger profit or more time
- Installers building the capacity to employ people or take on an apprentice, if they choose

WHAT MEMBERS WILL FIND

- The Installer Business Pathways - a trilogy of courses for building a stronger installation business
- Practical action guides, templates, planners and calculators
- Installer-led video and audio content
- Industry news and work opportunities
- Apprenticeship information and guidance
- Access to selected trusted partners
- A growing library shaped around real installer needs

MEMBERSHIP

STARTER - FREE

Selected practical resources, installer content, industry news and opportunities.

PRO

£49 per month or £499 annually.

Renews automatically until cancelled.

Full access to the courses, tools, planners, templates and deeper member content.

There is no pressure to upgrade.

BUILT TO GROW WITH INSTALLERS

Installers and installation companies will be invited to share what works, explain what they need and help shape what comes next. Stronger businesses are also better placed to invest in people and apprenticeships when the time is right.

PART OF EVERY TRADE PRO

Every Install is the first platform from Every Trade Pro and the full focus of its launch.
